Rev A. A. Phelps

Sir I have unexpectedly obtained employment since you was in this place, in consequence of which I shall not be at liberty to go on an agency for the Abolitionist at present. As it is uncertain how long I shall have employment, I may wish to take it up in the course of a few months, and I should like to have the privilege.

I have no objections to acting as local agent for this vicinity, at the present time, if desired.

I deemed it necessary to inform you of the change in my plans, so that you may not suppose me traveling on an agency when I am not.

Yours Respectfully

Chas B. Johnson
